

Joint Projects

Adrian Allan | Dornoch Academy | Dornoch | Scotland, UK
Rute Oliveira | Nobel Algarve British International School | Lagoa | Portugal

The Science Behind Magic

Why?

- ★ Using magic tricks in science learning.
- ★ To increase students' confidence, communication and presentation skills and stimulate creativity.
- ★ Sharing resources for teachers (from teachers to teachers).

How?

- ★ Brainstorming - exchange of emails and online meetings since April 2022.
- ★ Adrian's visit to Portugal in May 2023.
- ★ Teamwork.

Website

YouTube

What?

- ★ 3 workshops for teachers
- ★ Recording video tutorials demonstrating the trick and the science behind it
- ★ Creation of a YouTube channel
- ★ Science Fair for more than 1,000 participants, students and Nobel Algarve staff
- ★ Creation of a website with resources for teachers to reproduce these magic tricks with lots of science

Be a magician at your school!
